

SIGNAGE OPTIONS

Here at JSI Signage

We are passionate about working with our clients to improve their visitors and client experience through the use of signage that directs, informs, identifies, and inspires.

The sign type and materials solely depend on your vision and requirements, but we have many options for you to choose from.

Types of Signage

- ▶ ADA
- ▶ Dimensional Letters & Logos
- ▶ Plaques
- ▶ Wayfinding
- ▶ Post & Panel

	DESCRIPTION	USES	PRICING
VINYL GRAPHICS	Vinyl Graphics are an adhesive type of vinyl that can be adhered to most non-porous surfaces.	Vehicles/Windows/ Walls /Doors	\$
ACRYLIC	Acrylic signs are made of a highly versatile plastic sheet with a glossy finish, which is also known as Plexiglas®. Acrylic is very durable and available in a variety of colors	ADA/Wayfinding	\$
RIGID VINYL	Rigid vinyl is made from PVC plastic (polyvinyl chloride), which is known for durability and longevity. It produces flat, durable signs that can be used in nearly any setting.	ADA/Wayfinding/ Post & Panel	\$
ALUMINUM	Aluminum signs can come in standard, brushed or cast aluminum. These sign types are very high quality, have long durability, and are perfect for outdoors	ADA/Wayfinding Post & Panel/Plaques	\$\$\$
BRONZE	Cast bronze signs are made by pouring molten bronze into sand molds. These signs are durable and timeless. Finishes include satin, oxidized oil rubbed, or polished	Plaques	\$\$\$\$
